This is a must hear! Absolutely fabulous. Henry plays that Harpsichord like the finest Electric Guitar riff - powerfully! Anthony and Tekla blend flute and violin exquisitely. Shelby, Ross and Stephen lend body and depth to the concert (and personality.) Adiaha played with her entire being and joined the whole together superbly! Bach won the day to an enthusiastic audience. Kudos to all of the musicians!!

Loved it! Your series continues to enhance life on Whidbey. The cello concert was a wonderful finale.

It was wonderful to see such a big turnout for WIMF! Hearing a bit about the instruments, Bach's life, and the musicians makes the concert much more interesting, personal, and enjoyable. Thank you for bringing us such a delightful experience.

A Bach centric organ concert was extremely satisfying and I could close my eyes and just let the music carry me. I expect nothing less than the exceptional and you deliver. Thank you!

Thanks to you and to the other players for an afternoon's worth of Bachian magic. I hope you do decide to make a Bach festival an annual event. You would have my undying gratitude. Thanks again for a truly wonderful afternoon.

Yoga and music in the barn was the highlight of my trip this summer. The space and the instructor were amazing. The music added a layer that deepened the experience.
